JAIRUS RAJ SINGH S

AI & ML ENTHUSIAST
Developer

About Me

Aspiring AI and ML enthusiast with growing skills in backend development to integrate ML models into impactful products. Passionate about solving complex problems, leading teams, and delivering innovative solutions in dynamic environments.

LANGUAGE

- English
- Tamil

EXPERTISE

- Machine Learning(Beginner)
- Python(Beginner)
- Data Science(Beginner)
- SQL (MySQL & PostgreSQL)
- Java(Beginner)
- Full Stack(Basic Knowledge)
- Communication
- Leadership

EXPERIENCE

CodSoft (December 2024 – Present)
Data Science Virtual Internship

Teachnook & Cognizance IIT Roorkee, Aug–Sept 2024
Python for Data Science Internship Training

Remark Skill & IITMadras(March2024)
Artificial Intelligence and Machine Learning Workshop

CERTIFICATIONS

Coursera
- Python for Data Science, AI & Development
- Machine Learning with Python
- The Structured Query Language (SQL)

AWS
- AI Practioner (In process)
- Cloud Practioner (In Progress)

EDUCATION

2023 - Present
Sri Krishna College of Technology, Coimbatore
B.E - Computer Science Engineering

2023
Rose Mary Matriculation Higher Secondary School, Tirunelveli
Higher and Secondary School

ACHIEVEMENT

- Led a team in Neo Hacksprint(Hackathon), developing a Fraud Detection System using Machine Learning (iamneo, 2024).
- Secured 7th place in HACKMASTER, an intra-college hackathon at SKCT (July 2024), hosted by IEEE.
- Selected through internal college competition and registered for SIH'24 to develop an autonomous water surface cleaning robot with BotBuilders.
- Built a line-following bot using Arduino and IoT features during 'Wheels on Bot Robotics' (Dec 2023).
